Directions: Add to the map below to tell the story of the Bubonic Plague as it affected Europe around 1350. Include **at least 3** text bubbles and **at least 3** images to tell the story of what happened.

Directions: Make a Poster that would help warn people and tell them how to avoid the plague. You may use Docs or slides on your iPad to insert images and or your own text to create the poster. Your poster must include specific advice on how to avoid the plague using a simple text as possible. You will need to share your document with Jeff_huggins@nplainfield.org which is now a google account.
